PV or Point Value is **75%*** of product price

This applies to every direct referral

**20% of Bonus Into Repurchase Wallet*

Tier Bonus

Level tier pairing bonus is calculated from the 1st purchase of each binary level \$375 base on **\$1,000** sales volume

B Pairs with A

LEVEL 1

A B Pairs with A A

LEVEL 2

A B Pairs with A A

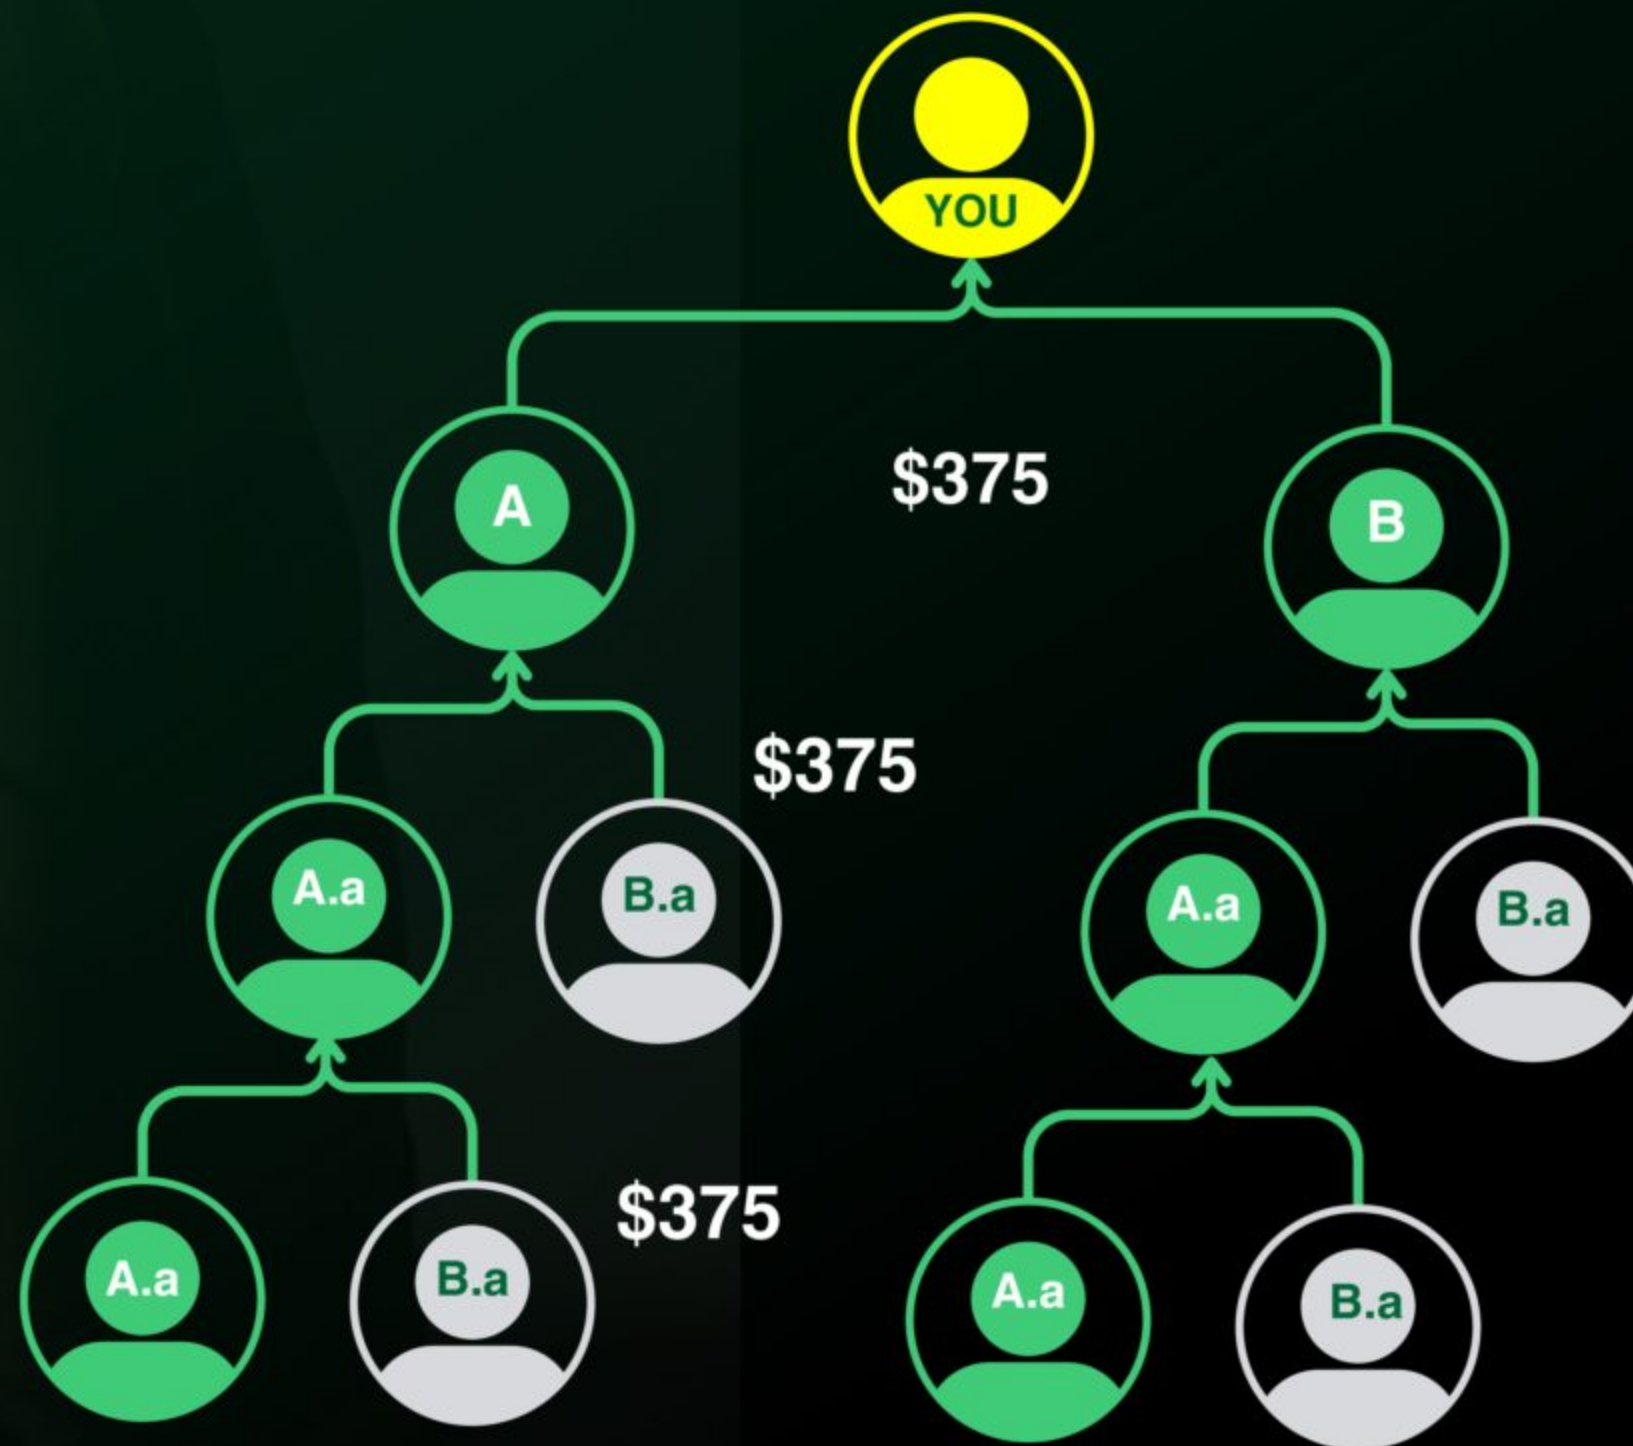

LEVEL 3

Green = Qualified to Pair

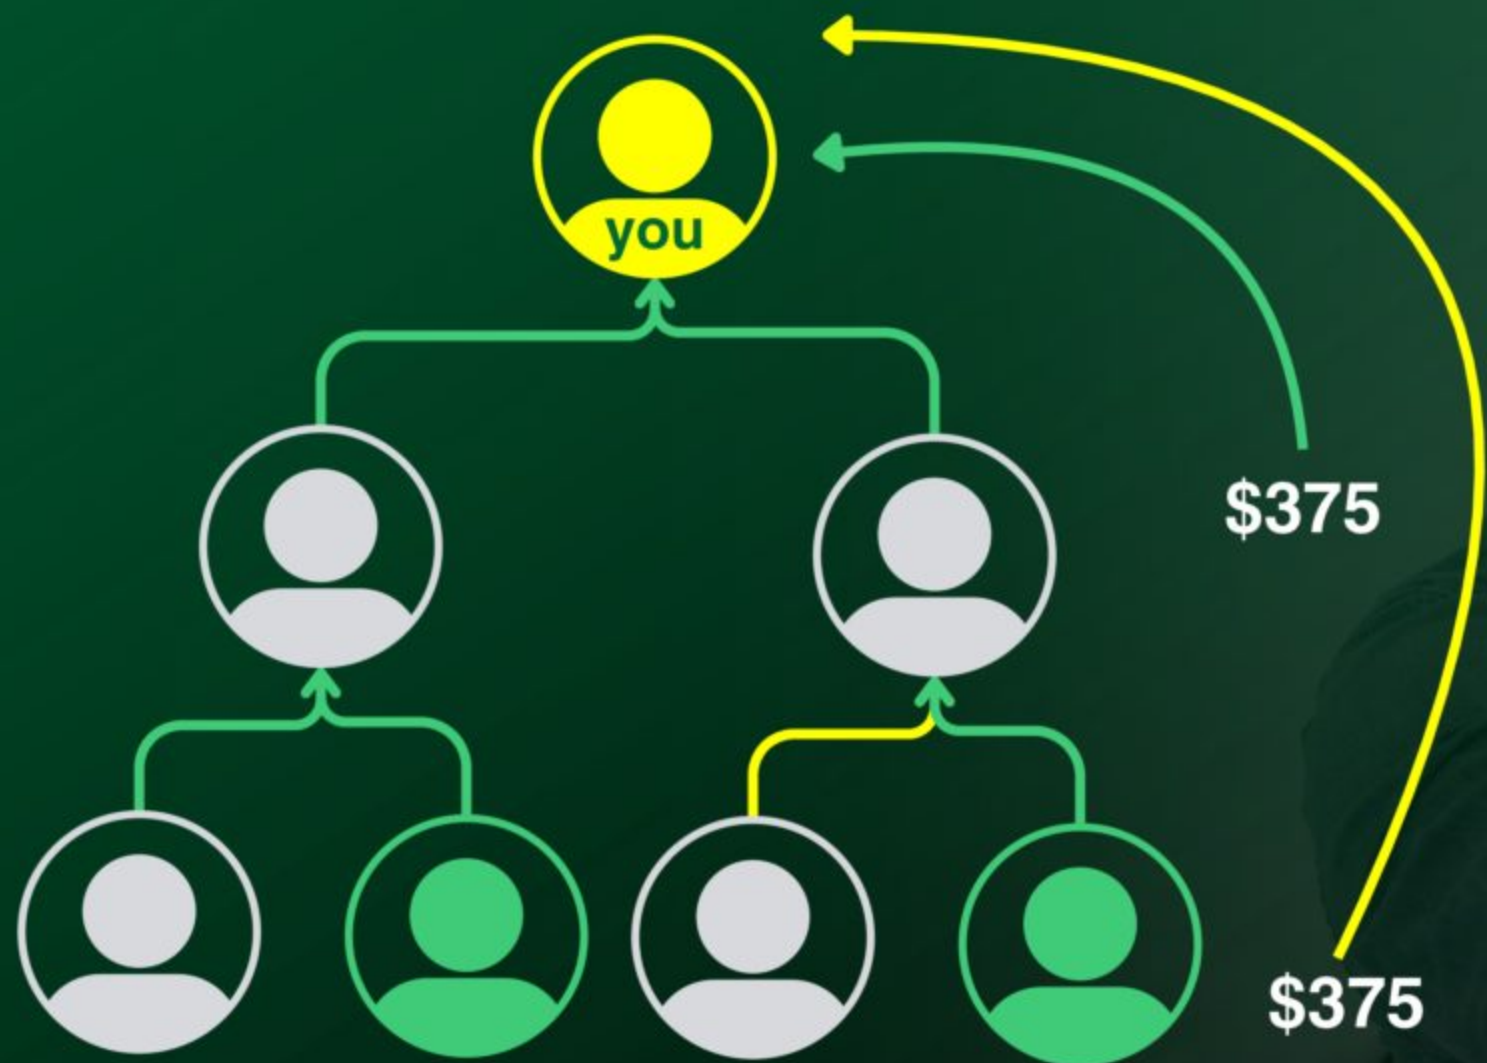

Grey = Does not qualify to pair got you

There is no level cap with this bonus!

Tier Bonus

\$375 Payout for every level of First Left and First Right level

- ✓ No Flush
- ✓ Unlimited Levels
- ✓ No Country Restrictions

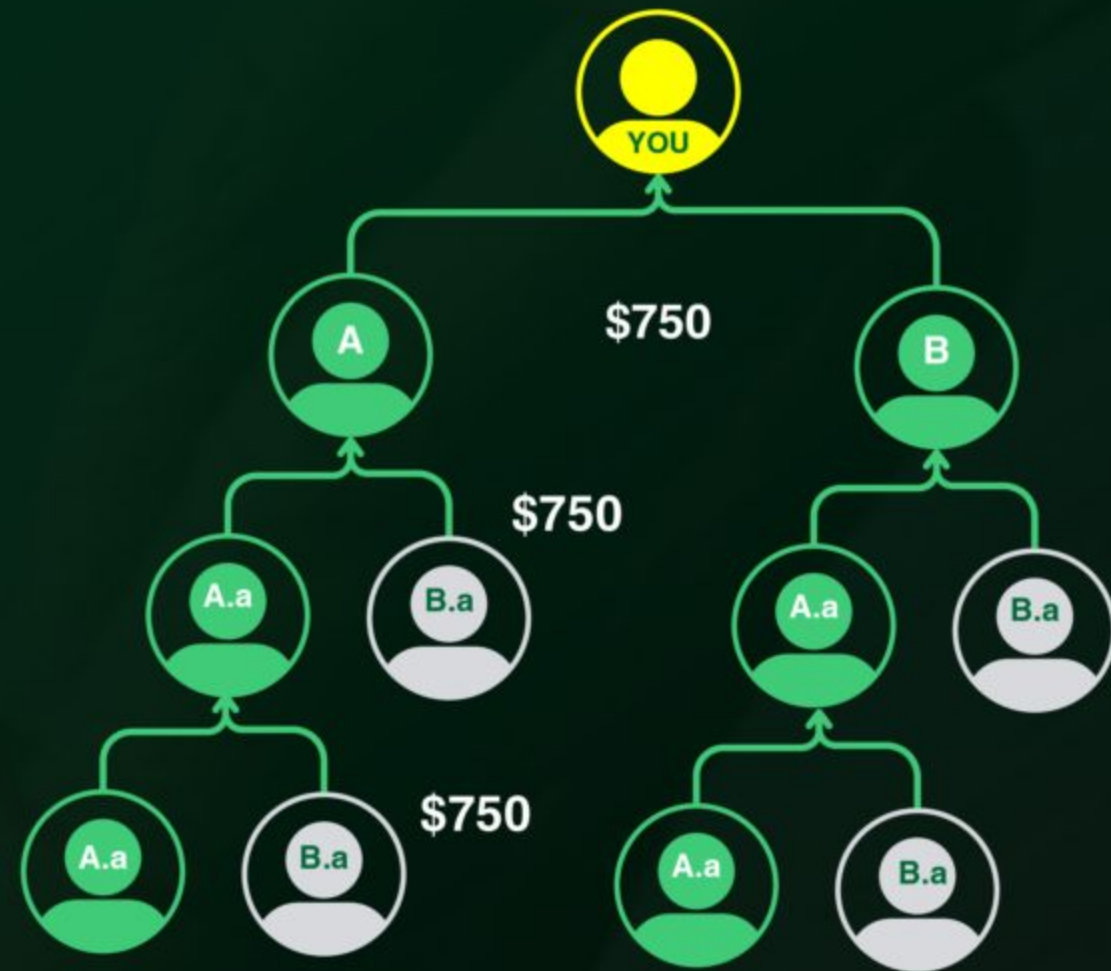

The potential?

100 Levels = \$37,500
1000 Levels = \$375,000

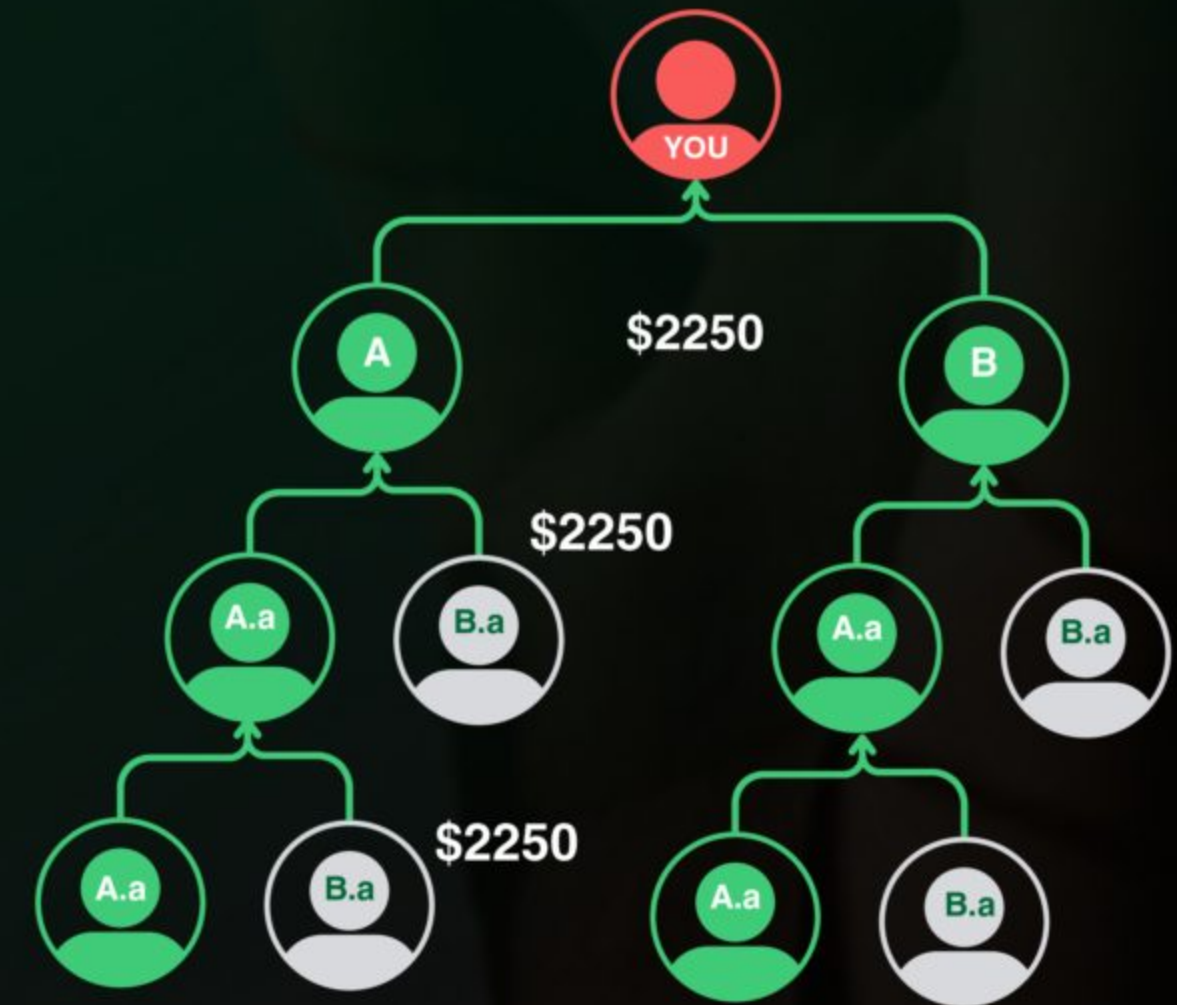

Scaling Your Tier Bonus Potential

The Tier Bonus increases based on the sales volume of the first purchase on each binary side.
The higher the matching sales volume, the bigger the bonus.

$\$2,000 \text{ Left} + \$2,000 \text{ Right} = \$750 \text{ Bonus}$

$\$6,000 \text{ Left} + \$6,000 \text{ Right} = \$2,250 \text{ Bonus}$

If an existing matched account (Left + Right) later upgrades their package, you will receive the difference in the Tier Bonus based on the new package level.
